## BOOK OF CENTURIES

- A Book of Centuries with 5 horizontal divisions across 2-facing pages:
  - Wars, Conflicts, Politics
  - Notable Men & Women
  - Discovery, Inventions, Technology
  - Religion, Philosophy
  - Art and Music
- Print out this Book of Centuries for each person or one for the family.
- Each page has a facing page, so punch all the left side pages on their right side, and all the right side pages on the left. Use a binder and reinforce the punched holes or use page protectors.
- Take just 10 minutes once a week to work on your BOC. Children can illustrate, cut and paste pictures, and/or write brief notes for their entries. Remember to include scientists, mathematicians, artists and musicians that you study as well.
- The following color-scheme helps make each era recognizable.
- Note that some eras are broken into 100-year, 50-year, 20-year and finally 10-year pages so that there is more space for all the entries.

Flood to 3000 BC	All on 2-page spread	2 - 3
